## ABOUT US

Zerbatone Mining (Pty) Ltd is a privately owned South African company, established in 2009 based in the Limpopo province.

We are a 100% black owned company which specialises in Stopping and Development; Sinking, Sweeping and Vamping.

Zerbatone Mining aims to avoid potential losses of control over the quality of our clients plant and thereby always ensuring reliability of supply.

Zerbatone Mining is currently vamping at Dwarsrivier Chrome Mine.

## OUR MISSION

To become the contractor company of CHOICE by virtue of WORK QUALITY and not due to BEE.

## OUR VISION

Earning the respect from mining companies by our integrity, honesty and transparency. Always acknowledging the well-being of our workforce.

## OUR OBJECTIVES

To assist in job creation and skill development by becoming the contractor of choice, delivering a quality product at market related prices.

To improve the economy of our local community.

To provide service to clients in a cost effective and a professional manner.
